Message from the Deputy Principal

Dear Caregivers and Students,

This is an exciting time for our school and this nation. It is fabulous to be part of this growth and see students develop. I am eager to see how the students take on both Eastern values and learn to think creatively through Western education. This is a good mix indeed and teachers here will aim to instill both these ideals, so that children not only grow to be innovative and creative, but are also able to be empathetic and persuasive leaders who will ideally make a real difference to our future world.

The growth in student numbers this year has been phenomenal and it is a testament to the staff and existing parents that have shown their confidence towards this school and encouraged so many others to join us in making this school one of the best schools in Hanoi. Thus, the school welcomes continued input from caregivers so that we can work together at having open dialogue and improved communication between teacher, school and home. This is a partnership between the entire school community as we work

together to develop education for your child or children here.

Teachers should keep you regularly updated of events and happenings within the classroom so that you are constantly informed of what your child's class is doing and should also inform you of any issues that may periodically arise individually. We will endeavor to listen to your collective needs and respond accordingly, so that we can have a fabulous set of learning outcomes in the final analysis.

Let's have a great year ahead!

Message from SVIS Head of Vietnamese Studies

Dear Parents and Students,

Welcome back to Vietnam Singapore International School for the new school year 2018-2019!

From the commencement of the new school year 2018 - 2019, our school is more spacious due to the completion of the brand new third building and is now in operation with all new classrooms and many new facilities to serve both the Kindergarten and Primary Schools of SVIS.

On August 6, the first day of school, around 770 students from Kindergarten to GAC were excited to return to school. They received a warm welcome and dedicated guidance from their teachers. With this guidance in mind, they became quickly acquainted with their teachers and friends, whilst improving their confidence, especially the Year One and Year Six students.

During the first three weeks of the new school year, students were introduced to the school rules and procedures. This will help them to focus on studying and training to become good students with excellent achievements.

On the occasion of the 73rd anniversary of the successful August Revolution (19th August 1945 – 19th August 2018) and the National Day (2nd Septemeber 1945 – 2nd September 2018), SVIS teachers and students are actively preparing for the Commencement Ceremony on 5th September 2018 and your presence is warmly welcomed on this upcoming special day.

On behalf of the SVIS Management, I would like to wish all the parents good health, happiness and success. I wish our students a

Message from KIK Head of Vietnamese Studies

Dear Parents and students,

Welcome to KinderWorld International Kindergarten for the new school year 2018-2019!

It is with pride and honor we welcome our first-ever students to KIK @ Gamuda Gardens. We are very happy to introduce ourselves to you in our first newsletter for this school year.

My name is Vu Thi Thuy. I was teaching at KIK @ Hanoi Tower for 11 years and in that time demonstrated a passion for education and endless love for children. This year I am taking on this new assignment as Head of Vietnamese Studies at KIK @ Gamuda Gardens.

It gives me great pleasure to welcome Ms Amy-Lee Craddock from Cape Town, South Africa. She is an EFL teacher and Prep-Shark Class Teacher. This is her first year at KIK @ Gamuda Gardens. She holds a four-year Bachelors Degree in Education and Early Childhood Education Development from Stellenbosch University.

school group. All our teachers hold a Bachelors of Foreign Language Pedagogy and have graduated from the College of Pedagogy or the College of Early Childhood Education.

The first month of the new school year has now passed and all the confusion and difficulties that students may have felt have faded. Thus, we are excited and happy to be with our students every day and we are having a fabulous time with them.

We hope that together we will build a friendly but open-minded environment and every day will be a happy day where kids grow and learn more about the world around them.

On behalf of the KIK Management, I would like to wish all our parents good health, happiness and success. I also wish our students a successful new school year where they will experience much joy and work towards great achievements.

The students from Year 1 International enjoying seeing science in action. They also promised to be good in the following weeks so they will be invited back to the lab.

Parents and families are encouraged to support Primary School teachers by constantly reminding children that a good education is very important, and that we are all on a significant learning journey together at SIS@Gamuda Gardens. Primary School teachers will engage students in a wide variety of experiences focusing on academic, social, physical and emotional development. An important part of the Primary School program is the **Home Reading Scheme** which involves parents and family members listening to children read at home. Please participate enthusiastically to show children that you value reading. Also, spend time talking with your child to discuss their books and what he/she is learning at school.

Always encourage children to do their best.

Please contact me if I can help in any way. All our Primary School teachers look forward to hearing from you and discussing your child's progress throughout the year. Don't hesitate to contact us.
