Excursion to Halong Park - Nursery and K1

Messages from the Principal - Susan Christiansen

Semester 2 Begins

On January 19, Semester 1 ended and Semester 2 began on January 29. We completed the first of the two assessment and reporting periods and parents will receive information regarding the collection of reports and Parent/Teacher interviews early in Term 3.

From my observations, and keeping in mind how new our school and the SIS@HaLong curriculum is to all of our students, we should be very proud of their achievements to date. The Singapore International School's curriculum is a rigorous program which can only be mastered with time and practice.

We look forward to an even more successful Semester 2 with our students' skills and knowledge increasing week by week.

Exposure to many types of English texts can support your child's learning. Encouraging less screen time, in this day of technology, and more book time can be a great way to improve understanding of the basic skills needed for mastery.

SIS@HaLong Virtues Awards

This semester our students have been introduced to 8 of the SIS Virtues, and in our end of semester assembly students received awards for demonstrating these Virtues.

Virtues studied this semester were; Care, Responsibility, Perseverance, Creativity, Patience, Cooperation, Self-Discipline and Self Reliance.

KIK Excursion to Sun World Park

On January 17, our young KIK students went on an adventure to Sun World Park. The excursion enabled students to develop their abilities to explore, reflect and persevere. It provided an opportunity for children to exchange and share feelings with peers and teachers outside of the regular school environment.

Years 1 to 6 HaLong City Tour

On January 18, Years 1 to 6 enjoyed an excursion to HaLong City. The excursion provided students with the opportunity to learn about historical sites and stories which contribute to students' patriotism and national pride. Students also gained more knowledge, for such subjects as literature, history, and geography, from specialist guides and displays.

Experiential Learning Room - SIS@Halong will open an Experiential Learning Room from Term 3 for structured play that allows for the development of skills such as fine and gross motor, critical thinking and problem-solving. The room will be used by our prep and Year 1 classes to promote student engagement while fostering creativity, responsibility and cooperation.

The room may also serve as a multifunction room that all primary students can use to practice performances and role plays. Role plays are a tremendously useful tool in teaching. Role playing helps to build communication skills and confidence that are vital to our program at SIS. From practicing dialogue to improving

Have fun with friend during excursion

behavioral issues, role playing is a device teachers rely on to support their lessons in almost all subjects.

Message from Ms Yen

Students actively participate in learning activities, complete the program of the semester I, achieved high result in Math, Vietnamese Exams. Students have improved a lot compared to the beginning of the school year. Students in Year 1 have been improved a lot in writing letters, they revealed that they were able to concentrate in lesson, more confident when participating in lesson games and express themselves in front of the class. They actively participate in excursion.

TET HOLIDAY
