News around the Classrooms

K1 Bunny & Scorpion Classes Celebrate

In April K1 Scorpion and Bunny Classes celebrated 'International Food and Costumes' Day. We have been learning all about the different countries where we are from and this day was a special way to solidify all our learning on this topic. The children dressed in their national costumes and brought some traditional and some international food to share with each other. The children were so excited to taste various foods and we encouraged them all to try some new things they hadn't eaten before. We also talked about where the different food came from. It was a great opportunity for the children to practise sharing and looking after each other, as well as learning about different cultures and traditions. (Ms Luong)

Fun at Cau Giay Park

Firefly Class enjoyed a bright, sunny morning of exercise and fresh air at Cau Giay Park. All the students were excited to eat their picnic snack in the park. They had a fun-filled morning of running races and playing on the playground equipment such as swings, see-saw, climbing net and trampoline. The park offered a wonderful opportunity for our students to have a happy and safe outdoor play experience. (Ms Yen)

Cold Food Festival in Prep Bumblebee

The students had a great time making banh Troi and banh Chay. Miss Hue worked with the children to make these traditional Vietnamese treats. We used sticky rice, sugar and green bean before boiling in water for 15 minutes. The children were excited to be part of the cooking process, using their hands to roll the sweets before the boiling process. Once the treat were cooked, the children then used coconut and sesame seeds to decorate. Of course the best part was the tasting and sharing with the office ladies. (Ms Lucy)

Cooking Fun for Firefly Class

We had a lot of fun making butter cookies at Pegasus International UniCollege. The children were so excited to put on their chef hat and apron and work in the training kitchen where they listened to the chef talk about the ingredients to make the cookies: flour, butter, icing sugar, vanilla, eggs, salt and cherries. The chef instructed the children to mix the ingredients together and they took turns in small groups. They enjoyed piping the cookie batter into small pieces on the baking sheet using a pastry bag and then press a piece of cherry on the top of each biscuit. All the children loved to taste the cookies and pack them in boxes to take home to share with their family. This activity provided us a wonderful experience in making the cookies and working as part of a group. (Ms Yen)
