

KINDERWORLD INTERNATIONAL KINDERGARTEN @ CIPUTRA

NEWSLETTER

AUGUST 2018

Dear Parents

Welcome to the 2018-2019 school year at KinderWorld Kindergarten @ Ciputra!

I would like to extend a warm welcome to all our returning families and to all our new families. It has been lovely to meet you and welcome you and your children to KinderWorld Ciputra Kindergarten this year. We are looking forward to a very exciting year of learning.

Parents Information Evening 2018

Thank you to all parents who attended our Information Evening. It was a wonderful opportunity for parents to not only meet the teachers, but also other parents in their child's class. Teachers were able to discuss their goals and expectations for the new school year as well as to explain how a typical day runs in their classrooms. It was great to see so many parents partake of the special supper in the foyer and socialize with other parents and teachers, both old and new! Please remember that teachers are always very happy to meet with parents to discuss any concerns. An appointment for after school needs to be made as teachers are unable to spend time away from the children in the mornings when they first arrive at school. Your support in this matter is greatly appreciated.

School Procedures

I would like to remind parents that it is really important that you accompany your child to the classroom each morning. Children should be in their classrooms ready to start the day by **8:30am**. In the afternoons, all children should be picked up from their classroom between **3:30pm – 4:00pm**.

Please ensure that you sign your children in and out each day.

School Uniforms

Children need to be in their school uniforms each day. The PE uniform needs to be worn on Fridays and when the children go on an excursion.

Thank you for reviewing this month's newsletter. Please remember that if you have any questions or concerns throughout the coming year I welcome you to contact me. I would be happy to speak with you.

Kind Regards,

Kelly Monos
Head of Studies

Nursery Integrated – Bunny Class

The students from Integrated Nursery Bunny Class are slowly becoming more settled with only a few still a little upset when separating from parents in the mornings. They are enjoying playing with the toys and participating in the art morning activities. Singing and dancing is also a great way to get the children involved.

K1 Integrated – Penguin class.

The children in the K1 Integrated class – Penguins have settled in well and have enjoyed making new friends, teachers and classroom. They have been doing lots of exciting activities like circle time, singing school songs, coloring pictures of school, learning the different names of the teachers and office staff in the school, as well as the classes. They also enjoyed art and craft activities about our school and friends.

The Penguin class is learning about our class room rules and behavior expectations. They were very excited to get star from teacher when they did a good job.

K2 Integrated Class - Pony

Pony friends have had a good month of returning to school. We love playing, learning, eating and being together. We can remember class rules, we always listen to teacher's instructions and be nice with other. On the last days of August, we have had time talking about our love for Vietnam, we supported Vietnam football team in ASIAD 2018 and all friends have made a Vietnamese flag. We were really excited!!

Prep international – Tiger Class

The Tiger class has had a great first few weeks at school. They have spent time learning new phonic letters, and how to form those letters. We discussed "My family and learned about my favorite food, my class and classroom rules and my emotions. We have learned about caring, sharing and helping others and to be a good friend. We have learned new songs and read a lot of stories.

Prep Integrated – Cub Class

This year we are investigating different famous artists. We started with Wassily Kandinsky. His art is a great starting point, as he uses lines and shapes to create art.

The children in the Prep class learned all about the different types of lines they could create, as well as mixing colours to create new colours – incorporating math and science into our art class.

We took our art lesson outside and gave the children side walk chalk and they recreated Kandinsky's most recognizable pieces of artwork is his color study ***Farbstudie Quadrate*** also known as **Squares with Concentric Circles**.

Important Dates

2nd September (Sunday) – National Day

3rd September (Monday) – National Day holiday – School closed

24th September (Monday) - Mid Autumn Festival celebrations at school

12th October (Friday) – Last day of term 1
