

SIS Football Match

On Friday 17 May, the SIS Vung Tau Under 17 boys' soccer team played a match against the American International School in Saigon. The game was held at the American International School in Saigon. Our students played well since it was their first time playing on a 7 a side field. Goals were scored by Long (IGCSE1) and Dong (Year 8L). We lost the game in the end 6-2 but it was a great experience for all the students to play at another school and we look forward to playing some more games next year.

Dear Parents

A special request from the Red Cross to donate blood at the Pullman Hotel on Wednesday 5 June 2019 from 7:00 am. Your generosity will help saving lives.

A kind reminder that our Concert and Graduation Ceremony will take place at Maxim's on Friday evening 21 June 2019 starting at 6:00 pm sharp.

Best wishes

**Dudley Schroeder
Principal**

KIK Excursion to Vietopia

On Thursday 09th May 2019, KIK students from Pre-Nursery to Preparatory went to Vietopia, Asia's largest Vocational Education Center in Ho Chi Minh City. It is a large city-wide indoor playground complete with airports, hospitals, fire stations, banks, supermarkets, radio stations, television stations, newspaper offices, theaters, construction sites and subways, gas stations, training centers, manufacturing plants, courts and investigation teams.

The students were exposed to real life careers and the role of each individual in society while also earning "Vietopia money" for the work they had done at the various job stations. They were so excited and happily went from station to station. They got to experience putting out fires, making sodas, working in laboratories, feeding and milking the cows on the farm, being flight attendants, pilots and doctors to nursing the babies in the nursery and many more.

They enjoyed the fun and had interesting and rewarding experiences. At 1h40pm they set out for the long bus ride back to Vung Tau and many of the students slept on the way. They were very tired but happy and had a very productive day.

Green Day

Earth Day is celebrated annually on 22nd April and since it is Earth Week, KIK teachers organised a “Green Day” for Friday 26th April 2019. To celebrate the day, all KIK students and teachers wore green.

Each class from Pre-Nursery to Prep presented a song relating to Earth Day. After the performances, the students watched a presentation about the environment to make them aware of environmental protection and care of our planet, Earth. It also informed them of **marine debris**, especially **plastic**. It showed how each and every person is responsible to help keep trash out of the ocean. Ms Marilyn had a short quiz about the presentation and students answered pretty well. After the presentation, students went to their respective classrooms to do the various Earth Day activities.

Year 5 Science

Year 5 students have been studying mixtures, separation of soluble and insoluble solutions, as well as physical and chemical changes. The students tested their knowledge with a fun, hands-on experiment: mixing flour with water. Students had a great time getting their hands messy mixing the two components together, and then had to try to figure out if the mixture could be separated. It was a fun, but challenging task!

School Photo

The whole school assembled on the playground on Friday 3rd May to have the annual all school photo. The staff and students braved the heat to pose in the letters SIS (as you can see).

Social Protection of Children

SIS will be doing our end of semester donation for the Center for Social Protection of Children (orphanage) in Ngo Quyen, Vung Tau. Students and parents can donate food or used/new clothing and toys to this cause. The students and teachers here have been performing this charitable cause every year at the end of the school year. This is our way of giving back to the community.

Any type of donation; clothing food and toys for the children will be much appreciated. We will start our collection after exams or from 30 May and will be making the donation to the center on Monday 17 June.
