KINDERWORLD INTERNATIONAL KINDERGARTEN @ THE MANOR, HANOI

NEWSLETTER

November 2022

Dear Parents and Families,

Wow, this month has gone very quickly! The children loved our Halloween celebration, and it was great to see how all the students dressed up to celebrate this occasion.

To show off our costumes this year, the teachers arranged a miniature fashion show for the students, and they were very excited to join in.

Together with Tet and Christmas, Halloween is undoubtedly one of the student's favourite holidays, and they could barely contain their excitement.

Teacher's Day

We have a fantastic team of teachers here at KK @ The Manor, and I acknowledge the outstanding work they do each and every day to provide the best care and wonderful learning experiences for all our children. Our teaching staff were overwhelmed by our parent community's generosity and warm wishes for their recognition of Teacher's Day. The flowers, floral arrangements, cakes and fruit baskets we received in the office were truly breathtaking.

Christmas Charity Fair

Parents, please kindly note an important information: Saturday, December 10th, we will again be joining the annual Christmas Charity Fair with SIS @ Ciputra to bring you one big Christmas event! The Fair will be held from 9:00am to 12:00am.

This year, our chosen charity is Caritas Vietnam, which promotes integral human development and delivers emergency assistance. It organises workshops on HIV/AIDS, including training and counselling, to prevent the spread of the epidemic. Caritas Vietnam's social service activities include campaigns to help dioceses boost education and life skills for young people, water projects to improve the health of leprosy patients and support to people living with disabilities. It also runs a scholarship programme for poor students. For further information please see <https://www.caritas.org/where-caritas-work/asia/vietnam/>

Upcoming Important Dates

December 10th (Saturday) – Christmas Charity Fair – supporting *Caritas*

December 19th (Monday) – Christmas Break commences

3rd January 2023 (Tuesday) – Students will return from Christmas break

Warm Regards

Kim Horup

Principal

NEWS FROM THE CLASSES

Kindergarten 1 Integrated

I LOVE MY FAMILY

Related to the theme of "My Family", the children in Clever Cat Class brought their family photos to school to introduce their family members to their friends. These were excellent activities to encourage children to speak English and their confidence.

STORYTIME WITH EXPAT TEACHERS

During this month, our children were excited to get visited by Mr Kim And Ms Sophie, who came and read stories to us. The students focused on the storied and enjoyed the time so much.

WE LOVE ART AND CRAFT

Our Clever Cat students always love to do art and craft because it helps our children show off their creativity in their work.

Playground time is not only a time in which we can run and play but also the time we can explore so many things around us

Kindergarten 1 International

Three events made an impression on our Nursery & K1 class.

Firstly we had a great time preparing for Halloween; no matter how young our students are, they get very excited about dressing up and going trick or treat at school. We had our Halloween activities in the morning, then did a fashion show with all the other students at school so we could show off our costumes. It turned out to be a fun and busy day.

Secondly, we had a visit from Hanoi Family medical to have our annual health check. I was pleased with how well your children handled being examined by the doctors. Our students were so brave that day, and there were no tears, just curiosity.

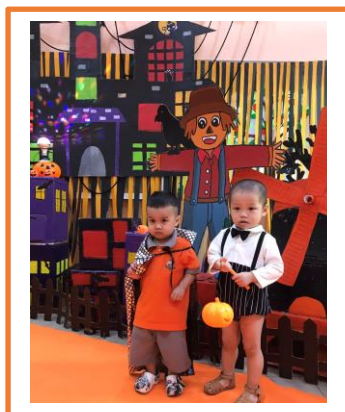

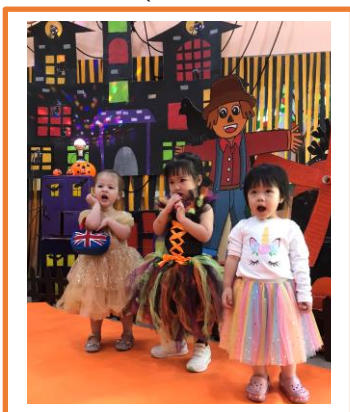

Last but not least, we had a fun visit to a local supermarket owned by one of our parents. The students explored the shelves and discovered which items could be related to our theme about the five senses. The students finished it all with a party where the children could eat and discuss all flavours they could taste from the food.

Pre-Nursery/Nursery Integrated

Halloween is the funniest festival of the year. On October 31st, we had a Halloween celebration, and it was wonderful to see all the children dress up in spooky costumes and do a catwalk that day. Parents were so surprised when they saw the display of their children's beautiful art and crafts. The children were very excited to visit the classrooms to "Trick or Treat", too.

K2 Integrated

Our Eddy Elephant class welcomed November with many activities related to the themes and letters.

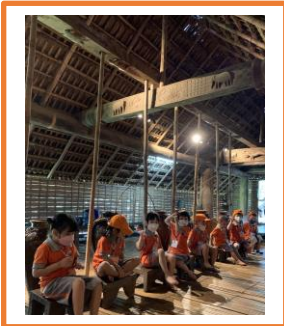

At the beginning of the month, we celebrated the Halloween event: during the week, we did some art and craft activities about Halloween, then we dressed up in our Halloween costumes and did a Fashion show and end of the day, we had a small party. Our students were excited and had a lot of fun.

In November, we focused on the theme: "house and rooms in my house". With this theme in mind, we visited one of our student's house to explore a real house and its rooms. We really enjoyed this time

In addition, we also had a field trip to "The Vietnam Museum of Ethnology", where we learned and discovered some types of traditional houses (long houses, tall houses) and the materials used to make these houses

It was a valuable lesson and excursion! Besides this, we also made crafts and drew pictures of our house. We have so many beautiful artworks created by students.

We had a market day in our class in November. Our students had more experience earning money and buying and selling products from this activity. The more we do, the more we learn.

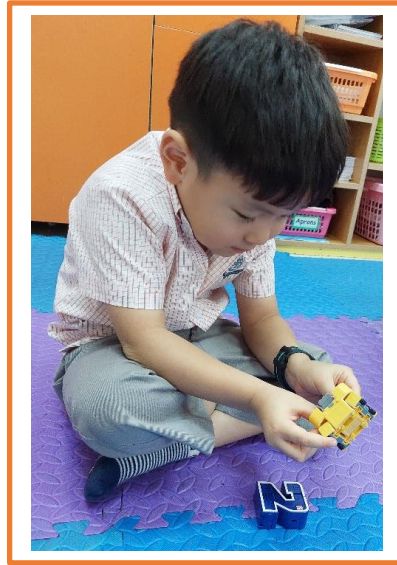

K2 International

This month we have introduced "show and tell" to our class. It has been a great way for the children to have that special time to share their home life with their friends by either showing something from their house or telling their classmates what they did on the weekend. It helps them expand their English, discuss topics we may not usually talk about and allows them to work on their listening skills while their friends speak. So far, we have had some very fun toys brought in, and we hope to see many more interesting items and hear many more stories in our Monday show and tell sessions.

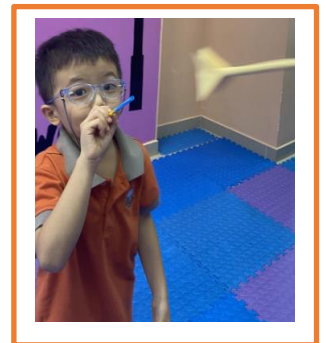

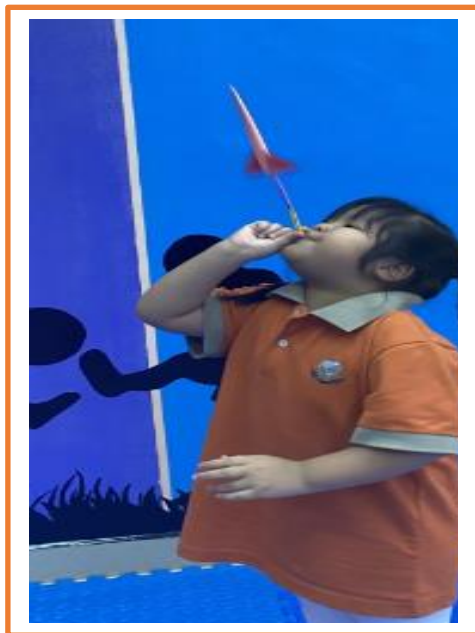

Prep International

This month the Prep International class went on an excursion to visit KinderWorld at Hanoi Towers. They had a great time getting to meet new friends. At Hanoi Towers, the students joined in a workshop to learn about Meditation, breathing and self-regulation. They made calming jars and coloured mandalas; which are meant to be coloured in slowly in order to relieve stress and increase focus and creativity.

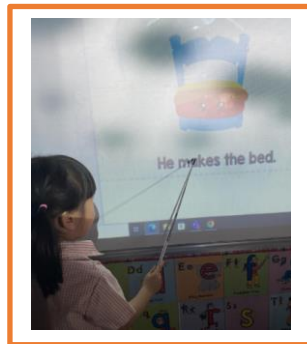

Prep Integrated

This month's STEM challenges consist of different experiments such as Lava Lamp, Volcano and Mind Jar Experiments. The students also made paper rockets and had fun racing by blowing them at the playground.

The students are making great efforts to improve their reading skills by learning and practicing new words each week, reading short stories, and doing comprehension exercises at home.

Our crafts this month are mostly about the house theme. The students' creativity never fails to amaze us!

Our Halloween event was fantastic! Everyone was dressed in their favourite costumes. We had a great fashion show, fun activities and games in the classroom!
