### **Message from the Principal**

Dear Parents and Guardians,

It has been my great honor and privilege to lead Singapore International School through an exciting and successful 2022-2023.

As the school year comes to a close, I wish to share my sincere gratitude to all members of our school community.

Thank you to our parents for your trust and your continued support.

Thank you to our teachers and staff for your outstanding efforts and dedication to our students.

And to our students, thank you for always doing your best and for the pride you have shown in yourselves and our school. For those leaving us this year, I wish you all good health, great success, and continued joy in all that you do. And for our returning students, have a wonderful Summer Holiday and come back to us in August, ready for an even better year ahead!

Yours Warmly,

Mr. Ben

## Virtues Programme

In June, our students learned about the virtues of Creativity and Assertiveness.

Creativity is a special power that resides within each of us. It involves using our imagination to explore new ideas and discover our hidden talents. When we dare to see things from fresh perspectives, we open ourselves to innovative solutions for problems we encounter. With creativity as our guide, we have the ability to bring something unique and original into the world. Embrace your creativity and let your imagination soar!

Assertiveness means being positive and confident. It's about knowing that you are valuable and have unique abilities. You trust your own thoughts and speak up for yourself. You have clear values and boundaries. You deserve respect and expect others to treat you accordingly. By being assertive, you show the world that you believe in yourself and stand up for what you believe is right.

## School-Wide Learner Goals

In June, we focused on all four School-Wide Learner Goals, seeking to nurture: Critical Thinkers who apply rational, higher order thinking skills, Technologically Literate Students, who effectively use technology to access and organize information while using social media responsibly, Confident Communicators who demonstrate skill in reading, writing, speaking and listening while working collaboratively and creatively, Academic Achievers who meet or exceed year level expectations and strive for continuous improvement, and Active and Responsible Citizens who understand and respect other cultures, show good citizenship and social responsibility.

## Sports Competition at Saigon South

Our Year 6-10 students enjoyed their bus trip to HCMC (above) followed by a refreshing game of swimming pool basketball (below).

**Badminton Fun** – Mr. Limbert shares his love of sport with our students during a break time badminton game.

**Prep Students** go outside for a STEM lesson supported by Mr. Veren (above) while Year 1 students make a poster for Children's Day (below).

**Y5 Students** – using iPads in the library for their research project. Group activities like these help our students learn teamwork and cooperation.

Our SWLG Awards go to our hardest working and highest achieving students. This month's winners are as follows:
