5 September: MOET Opening Day Ceremony

17 September: Mid-Autumn Festival

11 October: Term 1 Ends

Singapore International Students
WELCOME BACK TO SCHOOL!

Message from the Principal

Dear Parents and Guardians,

As we wrap up the first month of the school year, I want to express how proud I am of the dedication and commitment I've seen from both our staff and students.

Our students have started the year with energy and focus. Returning students have shown kindness and a strong sense of school spirit by warmly welcoming new classmates and teachers into our school community.

With the addition of several highly-qualified teachers, SIS@Can Tho benefits from their expertise and passion for education as we continue to strive for excellence in all that we do.

Moving forward, remember that every challenge is an opportunity to learn, and every achievement is a reason to celebrate. Together, let's make this month the start of a journey filled with discovery and accomplishment.

Warm regards,

Mr. Ben

Tran Thien Tam of K1 is leaning balance and hand-eye coordination in her HPE class with Mr. Julius.

August 2024

Eric of Year 12 is focused intently on assembling a DNA model (above) while **Year 8 Students** practice First Aid techniques (below).

Year 6 Students paying careful attention to Ms. Floriza during their ICT class.

Virtues Programme

In August, our students focused on the virtues of Caring and Integrity.

Caring is about showing love and attention to the people and things that matter to you. It means supporting others and giving your best effort. Caring involves treating others and the world around us with gentleness and respect. It's this kindness that helps make our world a better place.

Integrity is living by your core values. It means being honest and staying true to yourself. When you have integrity, you listen to your inner voice, make the right choices, and speak the truth. When your words and actions align, you're showing integrity. Integrity brings self-respect and peace of mind.

School-Wide Learner Goals

In August, our School-Wide Learning Goal was to cultivate Technologically Literate Students who use technology skillfully to access, evaluate, create, and share information. Technological literacy can be demonstrated in many ways, such as conducting research online, creating presentations, or developing computer skills.

Eastern Values

Global Education

Year 4 and Year 9 Students reading together in the library (above) while **Year 6 Students** use the computer to learn how to create PowerPoint projects (below).

Jesse of K1 Class – Having fun while learning as he uses crayons to trace the number one.
